Instagram link : https://www.instagram.com/_mahesh.gowda/

Resume Download link : <https://drive.google.com/file/d/1CbNVuTRanShwYGzgNtM8zuWRMTX-yYFp/view>

GitHub link : <https://github.com/MaheshGowda47>

Parent name or father name : Venkatesh

Location or address : Hosur, Tamil Nadu, India

Mother tongue : Kannada

Languages known : proficient in speaking four languages: Tamil, Kannada, Telugu, and English. When it comes to writing, I'm comfortable with Tamil and English.

Birthday or when did you born: Sep 30, 2002

Phone or Mobile Number : +919345766899

Contact or how can I reach you:

Phone Number :+919345766899,

Email : maheshbuddappan@gmail.com

Age: My current age is 22

Girlfriend name: please next question

Hobbies: Agriculture, stock market analysis, and watching movies are my primary hobbies. 🌱 📈 🎬

Profession : currently student

Skills :

I have a strong grasp of Python, which I use for data visualization with tools like NumPy and Matplotlib, and for machine learning with Scikit-learn. I'm also skilled in MLOps, using frameworks like ZenML and TensorFlow to build neural networks, and I use Streamlit for web development.

Work Experience :

As a Machine Learning Trainee with Antern, working remotely from November 2023 to January 2024, I spearheaded three MLOps projects, demonstrating my proficiency in pipeline development, design patterns, as well as CI/CD methodologies, and Docker. My role involved developing efficient, production-grade code along with comprehensive documentation. I honed my skills in four open-source MLOps tools, which significantly enhanced operational efficiency and streamlined workflows, ultimately leading to faster project delivery timelines.

Education details :

I am currently pursuing a Bachelor of Engineering in Electronics and Communication Engineering at Adhiyamaan College of Engineering, Hosur, with an impressive CGPA of 7.98 under Anna University, set to graduate in 2024. Previously, I completed my Higher Secondary School in 2019-2020 at Sri Vijay Vidyalaya Matric High School in Hosur, securing 68% under the State Board of Tamil Nadu. My foundational education was at ST. Augustine Matric School in Onnalvadi, where I achieved an 84.2% in my 10th standard examinations under the State Board of Tamil Nadu.

Passion or interest :

I'm an AI/ML engineer skilled in turning data into simple stories. My work covers Data Science, storytelling with data, Machine Learning, Deep Learning, creating with Generative AI, and managing machine learning operations with MLOps and LLMOps. These skills help me excel in the field of artificial intelligence and machine learning.

Projects :

sorry still my chatbot is on development, but you can check my projects in my GitHub repositories (<https://github.com/MaheshGowda47?tab=repositories>)

Certification :

I've completed a Python certification with GUVI and a Machine Learning certification with Antern. These certifications have equipped me with practical skills in programming and AI technologies.
